

Application No.: 09/000,496
Response to Office Action of July 30, 2003
Attorney Docket: LORAN-002A

Amendments to the Specification:

Please find attached herewith a marked version and a clean version of a Substitute Specification pursuant to 37 C.F.R § 1.125. In this regard, the Substitute Specification includes the appropriate enumerated paragraphs, and further addresses the various informalities specified in the Office Action, including the specific passages set forth in the original application at page 3, lines 23-26, page 4, lines 25-26, page 9, lines 1-2 and page 13, lines 14-12. Applicant has further attempted to correct any and all other additional errors appearing in the originally submitted Specification. Applicant respectfully submits that the Substitute Specification merely corrects certain informalities and does not introduce any new matter.
